

## CAMPOAMOR GOLF COURSE - ORIHUELA COSTA, ALICANTE

**Campoamor Golf Course** was designed by Carmelo Gracias Caselles and opened in 1989. The Club House is set high on the hills overlooking the course, mountains and valleys all the way down to the Mar Menor, on a clear day the views are magnificent.

The course is 6,293 metres long off the white tees and 6,151 metres off the yellow tees, it is also a par 72. The fairways are very wide allowing you to take out the driver without too much fear of missing them, but a few of the fairways are on slopes so the second shots can be tricky.

The fairways are lined with pine trees, cypresses, palm trees and colour is provided by roses and shrubs. The greens are a good size and several of them are elevated and well protected by bunkers.

### **Campoamor Golf Course & Resort**

Campoamor Golf course and resort is situated just a short drive away from the many Blue Flag beaches of Orihuela Costa including that of Campoamor beach itself.

Whatever your golfing requirements, why not take some time away from the course and enjoy a bit of relaxation at the beach with friends or family.

There are also some great commercial centres near to the golf course, such as La Fuente, Villamartin and the very popular Zenia Boulevard, the region's largest shopping centre, being also just a short drive away only.
