

LA FINCA GOLF COURSE - ALGORFA, ORIHUELA, ALICANTE

La Finca Golf Course is located near Algorfa, Alicante on the Costa Blanca.

The course opened in August 2002 and has become a firm favourite with regular visitors to the area. It is a par 72, 18 hole course designed by Pepe Gancedo, the course offers wide fairways on most holes but it is quite long at 6,032 metres off the yellow tees.

The lakes and streams make for some interesting shots into the greens, an example of which is the par 5, 5th hole where you need to be up close for your approach shot because the green is totally surrounded by water.

The following par 3, 6th hole is 160 metres off the yellow tee across water all the way. The greens range from a very narrow 3rd hole where the green is just 4 metres wide to an enormous square green on the 7th hole, they are usually cut medium to fast.

La Finca Golf is a must play course if you are visiting the Costa Blanca.

Like so many of the courses on the Costa Blanca, La Finca Golf Course is set in a fantastic location with stunning views.

However, unlike most courses, it is based just above the traditional Spanish village of Algorfa and is set in surroundings with amazing panoramic views of the whole region.

Take in beautiful mountain views all around as well as playing this exceptional golf course.
