

LA SIESTA, SAN LUIS AND EL CHAPARRAL

La Siesta, San Luis and El Chaparral are all very similar residential areas linked to one another and situated very close to Torrevieja, Costa Blanca South, all offer the similar kind of facilities and amenities. There are plenty of bars and restaurants all on one flat level with wide roads and avenues where you can walk and gaze at the numerous luxury villas with their private pools, you can also wander along the pretty little calles (streets) where the imaginative owners of the Amigo and Pepita bungalows compete to have the prettiest terraces and solariums, the largest conservatory or the highest extension added. However, this all adds to the diversity of the La Siesta and neighbouring areas' real sense of community.

Fiestas (parties) and special occasions are celebrated on balmy poolside terraces in the Bellavista, Helena and Olga style villas, while friends gather on the balconies and solariums of apartments and bungalows or even take over the streets to BBQ and share a glass of wine and watch the beautiful sunset over the natural salt lakes. Neighbours sit in glazed porches or on their terraces chatting about their bargain buys at the Torrevieja market as the aroma of the wood burning stove or barbecue wafts tantalisingly along the calles.

The area has a very successful bowls club and members are very proud of their achievements to date. A friendly place to meet like minded people. The central park has a very active Pentanca club and mature gardens where you can enjoy the shade beneath the palm trees. The Princess Martha Luoise of Norway church is a busy social centre and attracts Norwegians from far and wide. For the youngsters the Flamingo Aqua (water) Park is nearby and is good fun, so is the Aquapolis water park in Torrevieja.

The La Siesta area snuggles between two famous salt lakes, the pinkish coloured Torrevieja lake and the other in La Mata, both salt lakes are part of a protected nature reserve and is a great area for cycling, horse riding and walking. There are 5 excellent golf courses and another three bowls clubs all within easy reach.

La Siesta and the neighbouring areas are super places to live if you are looking for a retirement location and want an easy to manage compact bungalow or fabulous detached villa with minimum maintenance, there are lots of properties to choose from and at very reasonable and very often affordable bargain prices, all the general everyday amenities are easy to walk to and it's a great community.

This very well located area is situated close to the golden sandy beaches of the Costa Blanca, Orihuela Costa, Costa Cálida and the Mar Menor, the town of Torrevieja and the AP-7 / A-37 Motorway are just 10 minutes drive away and the region's major airports of Alicante and Murcia are within a 35 minute drive in either direction. A short distance only will take you to the world famous championship golf courses of La Marquesa, La Finca, Villamartin, Las Ramblas and Compoamor,

The area of La Siesta, San Luis and El Chaparral gives you everything you might ever need to enjoy your life in the Spanish sunshine.
