

## LAS RAMBLAS

**Las Ramblas** is set amongst the tranquil natural beauty of a protected nature reserve, comprising meandering hills and pine forests. Many of the area's properties look immediately onto or have views to the Las Ramblas golf course, being one of three 18 hole championship golf courses all situated very close to one another, Real Club Campoamor and Villamartin are the other two. The surrounding farmland together with orange and lemon groves makes for some stunning views across the valleys and to the coast which is just 5 kilometres away. Within walking distance there is La Fuente commercial centre and an abundance of restaurants, bars and nightlife scattered all around this vibrant area.

The beautiful plaza at Villamartin Golf is just a few minutes drive away and benefits from a display of tropical plants, palm trees and wild parrots in typical Mediterranean surroundings, here you will also find bars, restaurants and pubs to suit all tastes and budgets, from a quick snack to that special meal. Supermarkets, shops, banks and all other facilities are again all within a few minutes drive.
