

SAURINES DE LA TORRE GOLF COURSE - ROLDAN/TORRE PACHECO, MURCIA

Saurines De La Torre Golf Course is one of the 6 IRM Golf Experience golf courses in Murcia designed by Jack Nicklaus.

The course opened in October 2010 and is a par 72, measuring 5,938 metres (6,530 yards) from the Yellow Tees. The course is a Jack Nicklaus design yet unlike the majority of his courses in the area, you will notice the lack of bunkers.

The hazards are created by heavily planted dunes between the fairways, two lakes, one of which is some 6 acres in size, rolling fairways that give it a links feel and elevated, very undulating greens.

The par 5 holes all measure less than 480 metres and are reachable for the longer hitters but you will have to be accurate because there are hazards waiting for anything left or right of the greens.

Two of the par 3 holes are over 200 yards in length and even the 6th which is the shortest at 126 metres (138 yards) is over water to a long narrow green, making accurate club selection critical.

Saurines De La Torre Golf is a great addition to the golf courses in this area and is well worth a visit.
